

Developing Setting

How does it look? What words would you use to describe it?

Draw a picture and/or list words that help you think about the setting.

Think about what you might see, hear, smell, and/or taste if you were in the setting of the story.

SIGHTS	SOUNDS	SMELLS	TASTES

How is the setting important to your story? Would the story be the same if it were located some other place? Write about why this setting is an important part of the story.
